TROOPS ARE REPORTED TO HAVE MUTINIED IN MILAN AS INTERNAL STRUGGLE IN ITALY TAKES ON A GRAVER TURN

President Warns Neutrals Against Offering Asylum To Leaders of the Axis Powers

Rome Radio Asserts Allied Terms Are Too Drastic and Complains That Britain Is Asking for a "Carthaginian" Pact

PUBLICATION OF EISENHOWER'S OFFER BANNED

By ROGER GREENE
Associated Press War Editor

Italian troops were reported to have mutinied at Milan today for the first time in Italy's bitter crisis over war or peace, and as the internal struggle took a graver turn, President Roosevelt again voiced willingness to treat for an end to hostilities.

Simultaneously, Mr. Roosevelt issued a virtual ultimatum to neutrals not to offer asylum to leaders of the Axis powers.

Mr. Roosevelt said that when the time comes he was willing to treat for peace with a king, prime minister or even a mayor of a city—so long as he is not a member of the Fascist party.

As the Italian crisis mounted, Prime Minister Churchill held a sudden post-midnight meeting of the British cabinet at No. 10 Downing street, starting at 1:30 a. m., amid signs of a major turn in developments.

The cabinet met again later in the day, and London speculated on the possibility of Italy's asking peace terms.

A Rome broadcast said the Italian people were "considering with great understanding those conditions which the enemy proposes and is aware of the seriousness of the dilemma."

Reports of new fighting between German and Italian troops in northern Italy came from Madrid, and the Nazis were said to have seized five Italian submarines at Fiume.

Dispatches from Switzerland said Italian troops at Milan had openly refused to obey orders to fire on civilians who swept through the streets by the thousands shouting demands for peace.

Crowds defied warning that they would be shot for parading.

Marshal Badoglio was reported to have ousted the Milan military commander, General Canale, and ordered Gen. Vittorio Ruggiero, chief of an Alpini division, to take over the riotous industrial area.

At the same time, Transocean, the German propaganda agency, reported that all members of the outcast Fascist grand council except one had been arrested. The exception was not named. Council members included ex-Premier Mussolini and his son-in-law, Count Galeazzo Ciano.

No immediate announcement was forthcoming on the British cabinet meeting which lasted two hours.

NAZIS RUSH RESERVES TO OREL FRONT

Units from France and Germany Fail to Check Soviet Drive, Moscow Claims

OCCUPY FORTY TOWNS

By WILLIAM MCGAFFIN

Moscow, July 30.—(P)—German forces fighting desperately to hold Orel at all costs brought in fresh units from France and Germany yesterday but failed to check the crushing Soviet drive, the Russians announced today.

When knee-deep mud and driving rain threatened for a time to slow their massive tanks and infantry, the Red army turned to a cavalry charge to throw the Germans from three fortified positions, front line dispatches said. Nazi forces giving under the weight of the charge were reported to have left 600 dead and large quantities of arms behind.

A Soviet communiqué which detailed yesterday's thrusts at Orel said that upwards of 3,000 Germans were killed in the key city's approaches and gains up to six miles were registered as 40 additional villages were occupied.

The Germans counterattacked east of Orel in an attempt to regain the offensive, but the Russians said they beat off the waves of infantry and forged ahead after inflicting heavy losses.

Half a German regiment of 1,500 to 1,800 men was wiped out in another Orel battle when Nazi infantry supported by 30 tanks struck back at the advancing Red columns, the communiqué said, and added that 10 of the attacking tanks were burned out or disabled.

A Berlin broadcast admitted that the German defenders of Orel were on the defensive all day Wednesday, but said that Russian attempts to break through the city's inner defenses were repulsed, it said. 186 Russian tanks were destroyed, 100 of them north of the city.

In the Belgorod area 165 miles to the south, where the Russians had regained territory lost to the Nazis in the first phases of the summer campaign, the Soviet war bulletin said Red army forces went on the offensive again and drove the Germans from a village. Another battle, raged for a short time near Belgorod but ended with a German withdrawal after Nazi counterattacks failed, the report said.

The Russians said that action in the Dnieper basin was confined to reconnaissance thrusts and on the Leningrad front intermittent action flared again with artillery barrages. Soviet airmen smashed or set afire five enemy troop trains in the Leningrad area, the Russian communiqué added.

Food Poisoning In Erie Plant Under Probe

Over 300 Workers In General Electric Plant Stricken After Luncheon

FIVE BELIEVED SERIOUS

Erie, July 30.—(P)—A full mobilization of doctors and nurses was ordered in this western Pennsylvania city today to care for more than 300 war workers stricken with what City Health Officer James R. Smith said he believed was ptomaine poisoning.

One hundred sixteen persons, five of them reported seriously ill, were taken to hospitals which already were crowded. Others were removed to private homes.

LOCAL MAN AMONG WORKERS MADE ILL

In the list of those reported ill as a result of alleged food poisoning in the Erie plant of the General Electric Company yesterday was that of Norbert J. Weidert, formerly of this city who was treated at St. Vincent's hospital.

Police Chief George J. Christoph said the victims apparently all were employed at the Erie works of the General Electric Co. and that all had eaten luncheon in the plant cafeteria yesterday. The meal, he said, consisted of corned beef, string beans, mashed potatoes and coffee.

Christoph said he was informed many of the workers became ill at their jobs while others collapsed later in their homes or on the street.

Service Vote In '44 Is Key Of Controversy Over Speech

Capitol Hill Reverberates With Pros and Cons Concerning Talk

DEFENDED BY GUFFEY

Washington, July 30.—(P)—President Roosevelt laughingly brushed aside today a request for comment on the "speculation as to the political portent" of his Wednesday night broadcast.

At a press-radio conference he said someone at the White House had asked him why, in his next speech, he does not take a different tack and devote a paragraph or two to saying the moon is beautiful.

It was suggested that he would be accused of playing politics, Mr. Roosevelt said, because a lot of young people like to sit out under the moon.

Early Change In Rationing Of Gas Hinted

New York Auto Club Official Says New Program Being Mapped

END DISCRIMINATION

New York, June 30.—(P)—A new program which would "put an end to the gasoline rationing muddle" has been drafted and will be put into effect within two weeks, predicts William J. Gottlieb, president of the Automobile Club of New York.

Gottlieb said yesterday he had been informed on highest authority that the program would call for an end to the pleasure driving ban in the east, an increase in "A" rationing (Turn to Page Nine)

ALLIES DRIVE DEEPER INTO AXIS FLANKS

American, Canadian Troops Make Breach In German's Wavering Mt. Etna Line

NICOSIA IS CAPTURED

By DANIEL DE LUCE

Allied Headquarters in North Africa, July 30.—(P)—American and Canadian troops have driven deeper into the central and right flanks of the Germans' wavering Mt. Etna line, Allied headquarters announced today, as the Nazis strove desperately to repair the breach.

A communiqué declared that the Canadians had "advanced further against strong opposition," and that the U. S. army front from the north coast inland to captured Nicosia was "advanced in several places."

The whirlwind American assault had driven the Germans back about 20 miles in two days and threatened to trap the Nazis around Catania or force a general retreat toward Messina.

Lieut. Gen. George S. Patton Jr.'s Seventh Army was advancing beyond the strategic prize of Nicosia and exploiting the breakthrough made in temporary Nazi positions.

Canadians who capture Agira to the southeast, central pivot of the Mt. Etna line, were menacing Regalbuto, six miles to the east and facing another bitter struggle.

Allied air power struck repeatedly in heavy new blows to shatter port facilities at Messina and Milazzo in Sicily and ranged over Italy to blast airports near Rome and Naples.

The British Eighth Army continued its probing patrols into the powerful German defenses below Catania, the communiqué said.

(A British broadcast recorded by CBS in New York said U. S. troops already were "battering the main enemy defenses on the outskirts of San Stefano," northern coastal anchor of the Mt. Etna defenses.)

Flying Fortresses rained explosives on the Viterbo air base and American medium bombers struck the Aquino field near Naples.

The Italian high command communiqué, broadcast from Rome and recorded by The Associated Press, said Sicilian defense troops were "still heavily engaged by renewed violent enemy attacks."

Reuters translated a Rome transmission saying the Axis forces were "being tried severely and without respite" by the Allied offensive.

Still stymied by wide minefields and dominant enemy gun positions on the lower slopes of Mt. Etna, the Eighth Army fought a number of battles (Turn to Page Nine)

Kiwanis Club Sponsoring

Service Men's Newsletter To

Be Issued Once Each Month

Kiwanis Club members are busy working out details for their new service men's newsletter to be issued monthly and to be sent to all members of the armed forces at home and abroad.

The Kiwanis Club itself will be sponsor for the initial issue, which will be placed in the mail August 20. Succeeding issues of the newsletter will be sponsored by local individuals, organizations and firms. That sponsors' list, which already is sufficient to guarantee publication for a ten-month period, will be announced in full when it has been completed.

The club hopes to utilize facilities of local and county newspapers in its assembling of materials which will be rewritten to meet the needs of the monthly publication.

The Veterans of Foreign Wars Service Club is cooperating in making available its mailing list and others are lending a hand in the project.

The club asks that any persons having changes of address from time to time will communicate that information to the newsletter committee or the VFW Service Club, so that an up-to-date mailing list will always be on hand.

ing to contribute to the work, el-

Any individuals or groups wishing financially or with items for publication, are asked to communicate with some member of the following committee: H. D. Baker, chairman; Dr. Frank Cummins, J. A. Blomquist, Gerald Rickerton, H. W. Ledebur, Charles Springer, C. L. Guignon, Carl Peterson or Commander Z. Magno de Carvalho.

The newsletter will carry absolutely no advertising according to Chairman Baker, but a sponsor's name will be selected each month for a special message to representatives of that firm or group in service.

Arrangements have been completed to guarantee delivery of the newsletter to all the armed forces, whether at home or in overseas stations. The sheets will be mailed first class to insure delivery to any and all destinations, the largest single item of expense connected with the venture, but one which is deemed necessary by those working out the plans.

The newsletter will mean much to those who are obliged to be away and out of touch with the activities of families and friends and the service club is to be commended for its efforts in bringing this monthly message from the home front.

Gauze Arrives
Red Cross Will
Resume Work

The Warren County Red Cross Chapter announces to its many workers today that the surgical dressings department at headquarters, 404 Market street, will reopen on Monday, August 2.

The rooms were forced to close recently because expected stocks of supplies had failed to arrive. It is the hope of chapter officials that workers will understand that this closing for several weeks was unavoidable due to failure of shipments of gauze from the manufacturers.

Those who have been regularly participating in this work are advised that starting next Monday, the rooms will be open every day except Saturday, the hours to be from 1 to 5 in the afternoon and 7 to 9 in the evening.

Those in charge are hoping for the same loyal cooperation from workers as in the past and again extend an invitation to new workers to help with this vital wartime phase of the Red Cross program.

Everyone is wondering what is happening today in the Victory Gardens throughout the county. Metzger-Wright's with the cordial approval of Edward Johnson, chairman of Warren County's Victory Garden Committee is asking the Victory Gardeners to bring in to its store, to Mr. Lord on first floor, any Victory Garden product that is interesting or unusual in any particular and it will be displayed on first floor, where the public and other Victory Gardeners may see them.

If you have an unusual vegetable, or perhaps an early tomato, the first corn, or any product at all take it to the Metzger-Wright Company and let others see what you are doing in your Victory Garden.

RUSH FOR SUGAR

At the last day for securing of canning sugar approaches there is a rush under way at the court house and other places throughout the county to secure sugar. For some time the women volunteers handling the registrations at the court house have had only a few registrations each hour of the day, but now with the dead line in sight a long queue has been formed for most of the day waiting for a chance to make applications.

SHEFFIELD NEWS

Sheffield July 30—Action taken at a meeting of the Sheffield Township Board of Supervisors assures the people of the township that they will receive from the War Department several thousand dollars worth of fire fighting equipment, first aid equipment, etc.

The material to be sent to Sheffield will not be on hand for at least 60 days and will consist of two pumps, several hundred feet of two inch fire hose, helmets, rubber boots, rubber trousers, ladders, hand pumps, etc. It will increase the pumping capacity of the fire department by 1000 gallons and be a most worthy addition to the safety of the community. Chief Slater of the Sheffield Fire Department is most pleased at the action of the supervisors.

The John G. Cochran Company will present to the community a truck chassis on which the pump and ladders will be mounted similar to that in Warren where the firemen completed the mounting at a cost of \$110, making the pump equipment available either as a trailer or hand drawn. At present Sheffield township has two pump trucks, one an American LaFrance and the other a Ford chassis with suitable mounting. The Sheffield Glass Bottle Company will do the work of mounting the pump on the chassis so that Sheffield township will not be required to make any expenditure to secure the truck.

Much interest was roused in the matter at Sheffield and Fire Department and Rotary Club held discussions relative to the matter and passed resolutions asking the superior to take suitable action. It is expected that the government will be kept in the room now used to house itinerants who now average only about one a month since the employment situation has improved.

DISPLAY OF LOCAL INTEREST

It is with a feeling of real pleasure public library officials announce that the work of two of Warren's noted artists is being displayed there at the present time, and it is urged that the public take advantage of the opportunity to inspect them, knowing the extensive local interest in the products of these talented young women.

We are indebted to a member of the library staff for the following descriptive article regarding the display:

Particularly lovely is the piece by Gene Alden Walker. Deborah in Costume, a portrait in oils, was done last summer at Cape Cod, where Miss Walker is again at work. Competing with 3000 entries in the Annual Midsummer Exhibit of the National Academy of Design, it was awarded the Isaac N. Maynard Portrait Prize as one of the two best portraits in the show. It is judged by many as representing her very finest work. Delicacy of tone combined with a sure strength show the artist's mastery of her medium. Her colour treatment is as usual lovely with an expert handling of textures, flesh, the soft play of light and shade. And most important is her genius for catching the essential quality of her subject. Many will recall the same little Deborah of one of Miss Walker's most appealing portraits in her exhibit in the library art gallery two years ago.

There have been many expressions of pleasure at the opportunity of seeing examples of Marian Sanford's work. The two pieces of sculpture exhibited are eloquent evidence of her genius. One piece, The Harvest, was also exhibited at the National Academy of Design Annual Exhibition in 1943. Its quality was recognized by the Pennsylvania Academy of Fine Arts in Philadelphia when a duplicate was secured for their permanent collection. The flowing beauty and rhythmic quality of this piece have a compelling hold, disarming in its simplicity. The same beauty of conception and masterful execution are expressed in the other piece on exhibit, The Lamb. The onlooker is given a sense of joy and satisfaction in the sureness of the artist's work and a swift insight why she is attaining such well deserved recognition.

All three pieces are owned locally and have been loaned to the library through the courtesy of the owner for a temporary display in the library's Art Corner.

OPEN CITY

It is going to take more than a royal decree to make Rome an open city so that we shall be justified in refraining from future air raids upon it.

First, of course, troops and military headquarters must be moved out, and also war industries. The first would be simple, the second rather difficult. But neither would take so much time or cause so much trouble as the third major requirement—that railroads, which now bottleneck at Rome, must be so relocated that we can devastate them elsewhere without bombing the Holy City.

On second thought, the easiest, surest way to save Rome is for Italy to get out of the war immediately.

It has been announced that the plates on the honor roll are to be removed for purpose of placing additional names upon it. Plates will be placed on the wings at the same time, one containing names of women in the service and the other the names of those from the county who have died or been killed in the armed forces. To make these lists as complete as possible the Veterans' Service staff requests the cooperation of Times-Mirror readers by sending in names of relatives or friends who may not already be on the rolls. For further information telephone 430.

The Sunday evening community outdoor worship on the Beaty lawn continues to attract large crowds. This weekend the preacher will be Rev. S. R. Schieb and music will be furnished by the Salem Evangelical church choir. In addition it has been announced that the Salvation Army band will play a short concert preceding the service.

You are welcome to join in the farewell reception for Company B, Third Regiment, Pennsylvania State Guard, scheduled to leave this evening at 8:30 o'clock for a week of intensive training at Indiantown Gap. A good way to go to the station would be to fall in behind the unit when it leaves the Armory in Hickory street.

Let's set a record collecting records!

What It Means

By ALEXANDER R. GEORGE

WASHINGTON — While Congressmen are resting and inspecting the political grassroots in their own home fronts, organized labor is swinging into a campaign to "bring about a change in the attitude of Congress toward labor."

When Congress was assembling in dramatic, angry session to override the President's veto of the Smith-Connally anti-strike bill, The American Federationist, official organ of the A. F. of L. warned:

"We shall endeavor to vote out of office any member of Congress who supports this bill."

Pressure Goes On

New union labor—A. F. of L., C.I.O., and Railway Brotherhoods—has gone to work to put on the pressure. Immediate goal is to prevent Congress from "scuttling the subsidy-price rollback program" when it reconvenes in September. Long-range objective is to block hostile legislation and to rejuvenate organized labor's admittedly waning strength in the political field.

Richard T. Frankenstein, legislative director for the United Automobile, Aircraft and Agricultural Implement Workers (C.I.O.), is sending to members of his union the voting record of Senators and Representatives on 29 major issues together with the admonition that they see their Senator and Congressman, praise him or warn him, depending on his vote.

"It may be wise," advises Frankenstein, "to picket some Representatives and Senators."

Rail Unions Push Fight

Edward Keating, veteran editor of Labor, official organ of the railway unions, says that chiefs of the railroad organizations are sending letters to their locals urging every member and every eligible member of his family to register so they may vote in the next election.

Keating, a former Congressman from Colorado, says that "if labor makes as poor a showing in 1944 as it did in 1942 the next congress will be a disaster."

There are several soft spots ahead where the executive staff will need some dexterous riding. One of these is the food subsidy quagmire. Another is a potential coal strike.

Depending on the window you pick, you can get odds on any of these combinations:

1. Congress will come back strong from its vacation, crowd the executive into the rail and win going away.
2. The executive will out-smart the opposition, slip through the crowded field unbumped and bound under the wire anywhere from a nose to five lengths ahead.
3. A photo finish will show it's a dead heat.

ALL of which is just another way of saying that anybody willing to predict what Congress and the President will do this fall when the legislators come back to Washington after their own private sampling of public opinion—will bet on horse races.

So-o, here goes with my own prediction—

President Roosevelt will tighten the reins on the executive depart-

will be emphatically anti-labor in both branches."

Says A. F. of L. President Green: "Labor and consumers are being discriminated against. Unless prices of food are brought down to a reasonable level, organized labor will have no other recourse but to demand wage increases. Unless members of Congress protect the workers and the consuming public, they will be swept out of office in the next election."

A large majority of Congressmen who voted to override the President's veto of the Smith-Connally bill represent districts which are predominantly agricultural. All but two of the 114 Democrats in the house who voted to override are from southern, southwestern or border states.

Farmers Strong In South

The South has long been tabbed as farm-minded and, to a certain extent, anti-union although New Deal pro-labor measures received substantial support from southern Congressmen before the "revolt against Roosevelt."

Labor leaders contend, however, that the economic picture in the South has changed a great deal, particularly since the onset of the war industry boom. Southern textile, chemical, steel, aluminum, shipbuilding and other factories employ large numbers of workers. Unionists say the vote of these workers could well furnish the margin of victory in many a close primary contest for a Congressional nomination.

Some C.I.O. unions are concentrating this summer on enlisting support among northern Senators for the bill to abolish the poll tax. They count on elimination of the poll tax in southern states "to bring to the polls many thousands of new white and Negro voters whose interests are the same as our interests."

Pressure is also being put on Republican Senators and Representatives from industrial districts to back the subsidy-price ceiling program against expected onslaughts from the farm bloc this fall.

Washington In Wartime

(During Jack Stinnett's vacation, his column is being conducted by various members of the Washington staff of The Associated Press. Today's column is by Jack Bell, chief of AP's Senate staff.)

WASHINGTON—Step right up to the window, folks. Have your \$2 bills ready. They're rounding the turn in the most exciting horse race of the year, with President Roosevelt running strong and Congress saving strength for the home stretch. (This is one contest where you can get your money down when the bangtails are already beating the breeze.)

Depending on the window you pick, you can get odds on any of these combinations:

1. Congress will come back strong from its vacation, crowd the executive into the rail and win going away.

So-o, here goes with my own prediction—

President Roosevelt will tighten the reins on the executive depart-

ments, pluck a few domestic burrs from under his saddle, hunt smoother going on the track.

Congress, never a front runner and troubled with 435 jockeys instead of one, will stumble around trying to increase the pace, may run wild later.

The President's strategy, tipped by his recent rough handling of the Henry Wallace-Jesse Jones matter, is to clean house while Congress is away. It won't be too surprising if some others are ruled off the track, particularly if they can't keep their mouths shut about internal squabbles.

Interesting Items Taken From The Warren Evening Times

In 1923

The Conewango Fishing Club which has made a pilgrimage to Lake Taron in Canada for many years plans on leaving August 4 for the annual outing. A. A. Printz has made the arrangements and a special baggage and Pullman car will be used. The club will remain in camp two weeks returning to Warren on August 20.

C. H. Kay, of Youngsville who has been on an auto tour to the West coast is now on his way home and has reached Salt Lake City. He has been gone about five weeks.

Over 700 persons attended the picnic of the First Presbyterian church at the Outing Club. A full day of sports and amusements was enjoyed and a fine lunch was served with baked ham and other good things to eat. A barrel of lemonade was also enjoyed.

Tomatoes will be a short crop due to the dry season which has prevented the growth of the red fellows. Many are being picked right now in gardens.

Harry Floine of the New York restaurant has filed an application for a passport to enable him to visit Greece, his native land.

"SURE, I admit it—I like to gab—across the desk or over a wire. I'm telephoning all day long at the office and at the drop of a hat I used to call up business or social friends in the evening—whether the matter amounted to much or not.

"But you can count on this, Mister—those needless calls are OUT from now on—until this war is won.

"You see, I'm a Production Manager in a war plant. A great light has dawned on me. I know that telephone lines are overloaded with war calls, and those calls must go through.

Pride goeth before destruction, and an haughty spirit before a fall.—Proverbs 16:18.

Workers "Shanghaied"

An Illinois county followed up the golf adage of "follow through" in the golfing help for emergency crop-saving this spring. Incipient recruits were persuaded by a traveling sound-effects truck and immediately picked up for service by a second truck close on the trail of the first.

IT WAS FIRST

First cavalry unit in the United States Army was the Regiment of Dragoons, organized at Jefferson Barracks, Missouri, in August, 1833.

USE NO STAMP EARLY

Consumers are not permitted, under the Food Rationing Regulations, to use red and blue stamps in advance of their due date, the Office of Price Administration announced today. Complaints have been received from retail grocers that many people are insisting that their grocers accept these stamps in advance of their due date and also insisting that the grocers accept stamps which have expired. Any retail grocer who accepts red or blue stamps under the above conditions is liable for prosecution by the Office of Price Administration. Red stamps P, Q, R, S are valid throughout the month of July, 1943 and may not be used after this date. Red stamps "T" are valid from July 25, 1943 to August 31, 1943. Blue stamps N, P and Q may be used from July 1, 1943 to August 7, 1943 and may not be used after this date.

MURDER IN TIDOUTE

By CARL A. PETERSON

Chapter 18
HERNANDO's brow crinkled. I said, "Hombre Chevalle. Chevalle?"
"Chevalle," Hernando repeated. "Senior Johnson talk of Senior Chevalle?"
My heart was thumping. They had taken up the bait sooner than I had thought. "What did Johnson say?"
He scratched at his beaked nose. "Opalo."
"Opalo?"
Lila Taggard put down her cigarette and I reflected there was no doubt of the working agreement between them.
I questioned him at length. All he recalled was Opalo. Since he was a miner he had wondered if Senior Chevalle dealt in opals. There was nothing more to be gained from him. I told him to come back tomorrow afternoon and I would have more money for him. As he left, she said, "Why don't you follow him, Senior?"
"I don't think there's much in what Hernando said about Chevalle. I think he's lying. As I see it, he was just waiting to sell me something. Anything. Opals."
"Opalo," she murmured, laughing. "How imaginative Mexicanos are! Hernando has seen American movies. He could have said oro. But you see he comes from a gold district. That would be too easy, so he says opalo. He might have bought an opal ring once or admired one."
"Associations?"
HER mouth opened slightly, suddenly as if she had been shocked. "Opalo? Why there's a club by that name."
"A club?" I said innocently, thinking that they had both been clever. They had their own reasons for wanting to direct our investigations into Chevalle's history. If I hadn't helped them out they

Grangers Had Fine Meeting At Tidoute

Tidoute, July 27—Mountain Grange No. 1152 of Tidoute, held their regular semi-monthly meeting Friday night, which was well attended, after which all adjourned to the dining hall and was joined by their friends. As each member was permitted to invite a friend as this was the occasion of their annual picnic.

One Stance for Fighting Men

Marines who should know demonstrate at Camp Lejeune, N.C., that all methods of fighting utilize the same stance. Capt. Stephen Stavers, commanding hand-to-hand combat school, handles Thompson submachine gun from quick-firing position. Pvt. Young Terry, former middleweight boxing champion, wields bayoneted rifle. Cpl. Tommy Loughran, former light-heavyweight ruler, puts up hands.

White Sox, Overlooked As Usual, Challenge For Sixth First Division Spot Again

BY SID FEDER
Associated Press Sports Writer
Miss Secretary, isn't it about time we got off that early letter to the round man? It is?

Dear Jimmy Dykes:
You'll probably get this in Washington with your Sox, unless you've ducked out and are trying to roll that 300 game in Philly at this writing. Anyway, here's your annual pat on the back. We see by the papers where your White Sox are in second place in the American League this morning. On paper, sir, that's like you rolling a king-size cigarette instead of hollering for one of those ropes.

All we wanted to say, Jimmy, was that we're still glad you're around. If you weren't, the Yankees would get the idea no one wanted to be in the American League's first division with them.

Right now, it looks like you're going to wind up with your sixth first division White Sox club in the nine years you've been steering the southsiders. And don't let anybody kid you about that—it's par for the course. Especially since you're doing it, as usual, with a bunch of guys named Joe—as far as paying fancy figures for your talent is concerned.

For instance, you've been saying all along that Gordon the Schmaltz Maltzberger is a handy guy to have around—and you proved it last night. He'd won only two games—and that isn't Schmaltz, is it?—But last night you asked Gordon the question with the tying run on third and the winning run on second. And Gordon had the answer. He fanned Bob Johnson to give you a 5-4 decision over the Washington Senators.

Going into yesterday's sandwich dispensing, you and the Cleveland Indians and the Detroit Tigers were all tied up, like something Santa Claus left under the tree, in second place. Then the Indians were given the old Yankee treatment in New York and the Tigers were postponed in Boston—and there you were.

As a matter of fact, you might feel sorry for the Indians. Lefty Marous handcuffed them with a two-hitter and beat them 11-1 with the help of homers by Charley Keller, Joe Gordon and Bud Metheny. Naturally, you have felt the same bruises yourself.

That was the only fun in your league yesterday and last night, since the Tigers and the St. Louis

Brownies wound up on the short end in a couple of rashes with old man weather in Boston and Philadelphia.

But over in the National League, the Phillies' Philie Phanatic, found out the score in a hurry. His Philie chucked up two runs for a 2-1 decision over St. Louis in a playoff of their protested game continued from June 5. Then the Cardinals got peeved and what with a nine-run fourth inning, they pegged it on Fat Freddy's phantastics 13-5 in yesterday's regularly scheduled shindig.

The only other taffy-pull saw Johnny Vander Mere fan 14 and walk nine to bell-cow the Cincinnati Reds to a 4-3 decision over the Boston Braves. As usual, it was quite a job of bell-cowing by Ol' "double-no-hit" until Steve Messner put it on ice with a run-making double in the eighth.

If there's anything else you'd like to know—like how to spare a 7-10 split—just use the same mirrors you're pulling on the American League. They ought to work.

FORGE BALLHAWKS GO TO CORRY ON SUNDAY

Sunday afternoon at Loveland Field in Corry the series between the Corry team and the National Forge nine will continue. This game promises to be filled with good baseball as both teams are evenly matched and have played some excellent baseball. Corry is red hot over baseball this year and a huge crowd is expected to turn out for the game.

Zivic Comes To Terms For Philly Fight

Philadelphia, July 30.—(P)—Fritz the last of the fighting Zivics, soared like a lassoed moose. With Philadelphia war workers so heavy with cash that the Market street el groans under their weight, he trumpeted, it was a shame and an outrage that he should be asked to fight Bob Montgomery August 23 for a paltry \$5,750 top.

Pittsburghers paid up to \$9,500 to see him outlast Jake LaMotta, the man of a few thousand words recalled, and will contribute as much as \$8,750 a head when he meets Young Kid McCoy in the steel city August 9.

Shouldn't Quaker City fans pay as much, the former welterweight champ wanted to know, to see him in action against their home town boy, who is lightweight king in New York and Pennsylvania.

Then Promoter Herman Taylor pointed out that if a \$10,000 guarantee wouldn't lure Zivic into Shibe Park for 10 non-title rounds with the Bobcat, he had the option of taking 30 per cent of the gate, which should reach \$60,000.

Fritz, his own manager since the recent death of Luke Carney, chewed that over swiftly.

"It ain't hay," he admitted, the familiar grin breaking out. "Give me a pen."

Four Teams Are Tied In Church League

Episcopal	2	1	.666	
Baptist	0	4	.000	

By defeating the Baptist Wednesday night the First Methodist team in the Y. M. C. A. Church softball league threw the league into a four-way tie for the first place. At the end of nine innings the score read 19-6.

In defeating the "Temple" boys the Methodist team experienced very little difficulty. "Lunk" Lunquist had a great day at bat when he accounted for four runs. Javens and Dorrance made up the battery for Methodist, while Rosequist and Moore performed in a similar manner for Baptist.

Next week's games will see the breaking up of the existing four-way tie and will bring out on top the two best teams. Monday the Grace Methodist tackle the Episcopal team, while on Thursday First Methodist take on St. Joe's. These games will see the finish of the second round and depending on how they turn out will determine what kind of a play off will be necessary.

Struthers-Wells Meeting the Fast Vikings Here Tomorrow

Fresh from a 12-inning 2-2 tie game with the Corry Merchants the Struthers-Wells baseball team will meet the Jamestown Vikings at Russell Field Saturday afternoon at 3:30 o'clock.

It was stated today that the battery for the locals will be Rose and Marlett. Ghervas, a recently acquired infielder, will make his debut at second base. Otherwise the team will be the same as the

one that has been making an excellent record against some of the fastest clubs in the section this year. It will be remembered the Struthers-Wells has played three games with Corry, winning one, losing one and tying the third.

Having played but a few home games this season members of the Struthers-Wells team are anticipate a good crowd tomorrow.

The umpires will be Pearce and S. Cosmano.

Schedule of Football Games For 1943 Season Given Out

The conform to the state rulings on High School football practice the candidates for the local High School team will get out for the first workout on August 25. This will conform to the ruling that seven days practice is all that is allowed in August for High Schools. Coach Leidig expects that there will be at least 100 candidates out for the first practice as there were about 125 enrolled last spring as candidates for the team. However some have secured work outside of the city, some have moved away and that will cut off some of the list of candidates.

Mr. Leidig has the schedule for the coming season all outlined with ten games planned. Kane quitting football has left their date open but all others are filled as follows:

Sept. 4—Youngsville at Warren.
Sept. 6—(Labor Day) Erie Academy here.
Sept. 11—Sheffield here.
Sept. 18—Open.
Sept. 25—Titusville here.
October 2—Oil City here.
Oct. 8—Jamestown there (night game).
Oct. 16—Franklin there.
Oct. 23—Bradford here.
Oct. 30—Ridgway there.

Mr. Leidig is working hard to keep the Warren High School Athletic program intact in spite of all

difficulties as he is a firm believer in the power of athletics to instill good sportsmanship into youths. He is most sincere in this idea and points out that the youths of the United States are possessed with an initiative that is being proved right now in the war fields. Japan and Germany have both realized the spirit of the American youth on the battlefield and both following the world war tried to emulate the program of sports in the United States but have failed miserably. Their athletics are performed in mass which does not lead to a spirit of initiative in the youth.

TRAFFIC DEATH TOLL IS GREATLY REDUCED
 Chicago, July 30—(P)—The United States cut its traffic death toll during the first six months of 1943 to almost half of its pre-war figure, the National Safety Council reported today.

The half-year drop was 41 per cent from the same period in 1941 and 32 per cent from that in 1942. This year's traffic deaths through June totaled 10,030, compared with 17,028 in the first half of 1941 and 14,690 in the first half of 1942.

FLIERS 'CHUTE TO SAFETY
 Rapid City, S. D., July 30—(P)—Second Lt. Richard Rohrer, Mount Union, Pa., and Second Lt. Gilbert Goldman, Philadelphia, were among 10 men who parachuted safely in the crash of a Rapid City air base bomber early Tuesday near Sioux City, Ia., the base commander announced. Two others were killed in the crash.

Washington, July 30—(P)—Interior Secretary Ickes' Petroleum Administration for War (PAW) said today determination of the new and larger quota of gasoline to be made available for eastern civilian consumption will be made "in the near future."

The new quota, which Ickes said would be effective "in the next few weeks," will be certified to Transportation Director Joseph Eastman and Price Administrator Prentiss Brown for determination of new allotments for public and private motor vehicles.

Service Vote In '44 Key of Controversy Over Speech

(From Page One)
 as a wartime commander-in-chief or a campaigning candidate—or both.

And out of the scrap sprang the issue of whether the Office of War Information (OWI) and military and naval news facilities should be used to carry criticisms of the president to the fighting men.

Chairman Harrison E. Spangler of the Republican national committee said the president's address started his "campaign for a fourth and perhaps continuing term." He charged that in his world-wide broadcast, Mr. Roosevelt made "a bold bid for the vote of our soldiers and sailors who are risking their lives for freedom."

There was no immediate reply to Spangler's formal request for OWI and service news channels to transmit comments on the "political implications" of the speech to the armed forces, but Capitol Hill continued to reverberate with pros and cons concerning the president's motives.

Congressional critics said the president sounded like a fourth term candidate, but his friends contended it was purely an unpollitical progress report on the war.

Chief objections seemed to hinge on Mr. Roosevelt's outline of planned government benefits for fighting men after the war—which such men as Senators Smith (D-SC) and Taft (R-Ohio) said seemed to be a bid for the service vote.

Senator Guffey (D-Pa.), staunch administration supporter, said however, that the president's soldier benefit suggestions hit the nail on the head and predicted congress would pass them promptly.

That point of who actually would do the most for the fighting men underscored the squabble.

Early Change In Rationing of Gas Hinted

 tions, and a halt of the practice of deducting an allowance for occupational driving from the "A" books of "B" and "C" book holders.

Gottlieb predicted that face value and actual "gasoline pump value" of each denomination of coupon would be the same from the east coast of the United States to the Rocky Mountains, and he added that a proposal to give "B" and "C" coupons a uniform value of three gallons throughout the rationed territory was under consideration.

Victory Garden

Are your tomatoes unusually large?
Is your corn unusually early?
Do you have a rare or unusual vegetable in your Victory Garden?

If you have any Victory Garden product that is interesting or unusual in any particular, other Victory Gardeners are anxious to see it. So is the general public.

So Metzger-Wright's, with the cordial approval of Mr. Edward Johnson, Chairman of Warren County's Victory Garden Committee, has provided a space on the Street Floor for the display of such articles. Please bring your prize crop—just a few of them for a small display—to Mr. Lord, who will register them.

We call this display—

Just SCRAPS

Let's Put Away The Laurels! Warren County and its Salvage Chairman and all its salvage workers have been crowned recently with a lot of well-deserved laurels. The humble suggestion of your Scrapper is that we now all seek out the deepest closet in our houses, find the topmost shelf, and place our little laurel chapeaux far back on it. We can't win a war by "resting on our laurels," and we can't collect the scrap by patting ourselves on the back, even if others insist on that pleasant pastime. No one will agree with me more heartily, I am sure, than the man chiefly responsible for our success, namely W. T. (otherwise known as Douglas-Dwight) Corbett.

Because, After ALL . . . We DID reach our County quota through June 30. But we have not yet come anywhere near our monthly quota of waste fats. And the May 31 figures reveal some interesting facts, too. While we turned in 37.75 tons of tin cans, let's take a look at McKean County. It has a population of 56,673 against Warren's 42,789, roughly 33% more. Yet McKean County turned in 93.6 tons of tin cans, or more than 250% of our tonnage. Let's look at hosiery. We turned in 1,670 pounds. Yet McKean County turned in 5,042 pounds, or more than 300% of ours. So long as there's a single county that's beating us in any single department of this vital scrap enterprise, we have no time to loaf and invite our souls.

Don's Waste Paper Paper, the lowly contents of the wastebasket, are again high on the list of salvage musts. Every scrap of newspaper, magazines, corrugated cardboard, and cartons should be saved by every household. The

Candidates May Withdraw Their Petitions

Tomorrow is an important date in the election calendar as it is the last day on which petitions can be withdrawn and is also the last day on which objections can be filed to petitions filed.

The next important date is August 14, which is the last day to change party enrollment on non-partisan enrollment before the primary election and also the last day on which applications can be made in Pennsylvania for military ballots for all offices before the primary election.

MADE REAL RECORD

As reports continue to come in from over the state on the recent test blackout, Warren seemingly again registered in fine shape. Many places failed to observe the blackout through a mix-up of signals and many concluded that the second "red" signal was the all clear sounding and traffic was resumed and lights turned on. Warren, however, observed all of the signals and came through almost 100%. In this connection it is interesting to note that the Auxiliary Police have had more hours of training here than are required in other towns; that the advanced fire school for auxiliary firemen was again in session last evening and that the air wardens, first aid squads and other protective organizations function almost perfectly on all alarms.

One of the oldest buildings on the Pennsylvania State College campus is the President's House. It was built in 1864.

Trio to Sing Here Sunday

The King's Male Trio of Eastern Nazarene College, Wollaston Park, Quincy, Mass., will sing in the local Church of the Nazarene at 11 a. m. Sunday. In its personnel are Vernon Curry, first tenor, Eric Leland Davis, second tenor, East Liverpool, O., and Carl Hanks, baritone, Lisbon, O. Mr. Hanks will play special xylophone numbers with Mr. Davis at the piano and Mr. Davis will play the solo-vox and accompany the trio as it sings. Mr. Curry presents a very interesting chalk talk, also. Accompanying the group will be Dr. G. B. Williamson, president of the college. Admission to the program is free and all interested are cordially invited to hear the singers.
